

Prepare yourself for an outside-the-box culinary experience at The Chef Upstairs, Toronto's premiere private dining & interactive cooking studio. The studio is a chic, upscale space designed to make you feel at home. Our talented chefs are more than just "foodies", they are educated, experienced and accredited in the culinary world. They have a passion for creating and teaching what they have spent years learning.

You will experience an outstanding customized multi-course menu using fresh and local ingredients; in addition each course can be paired with great wines. You are not only the student, but you will get the opportunity to participate and gain the skills to duplicate the same experiences at home. The Chef Upstairs will not only help you create a meal, but more importantly, will provide an educational and memorable experience.

The Chef Upstairs is thrilled that you have chosen our venue for your special event and we look forward to creating delectable dishes and fantastic memories together.
